**The following questions have been asked:**

**Question 1.** We are a tire dealer but not for the brands offered on the Texas Multiple Award Schedule (TXMAS) Contract. Would SAHA consider allowing other brands?

**Answer 1.** SAHA will consider responses from dealers of other brands provided they can offer SAHA the same pricing as offered to federal or other governmental entities and that the pricing can be readily verified either through a manufacturer published price list or access to the contract pricing via the internet or the entity's website.

**Question 2.** We have four employees with experience ranging from 22 years to 35 years but none are ASE certified. Will you consider experience in lieu of ASE certification?

**Answer 2.** The solicitation already allows non-certified personnel to perform the repairs if they are supervised and/or the work is inspected by an ASE certified technician. SAHA will not further reduce this requirement. All repairs must be either performed by a certified ASE technician or supervised and/or inspected by an ASE certified technician in accordance with the specifications
